# UNIQUELY WEMBLEY MULTI - ACADEMY TRUST

We are very proud to introduce you to our remarkable Trust. WMAT provides a truly unique environment for talented pupils who love learning. We are comprised of:

- ◆ **Wembley High Technology College**
- ◆ **North Brent School**
- ◆ **East Lane Primary School**
- ◆ **North West London Teaching School Hub**

**All of our schools are heavily oversubscribed with parental first choice far exceeding the number of places available each year. Our mission is to educate pupils who are knowledgeable, globally minded, compassionate, confident and kind.**

**Whichever WMAT school your child joins, our aim is the same: to ensure your child achieves highly and is equipped to lead a fulfilled life. This requires the best possible grades, because qualifications are the currency of choice and opportunity, but this is by no means a singular pursuit. Pupils who know themselves, enjoy agency and ownership of who they choose to be – these are equally crucial hallmarks of a WMAT education.**

All of our schools share a forensic focus on learning and scholarship, with pupils immersed in a meticulously researched curriculum and nurtured by teachers who are highly qualified subject experts in their chosen fields. We provide support which is fuelled by kindness and goes well beyond basic welfare - supporting pupils to mature both emotionally and spiritually, whilst developing into responsible, courageous and resilient learners.

We are not afraid of innovation at WMAT. We set the highest standards within a unique framework grounded in respect, discipline and meticulous behaviour expectations. We want families to choose a WMAT school because of our closely shared values and expect families to support us upholding our values and systems.

**We hope that our philosophy of education resonates with you this evening. Please take the opportunity to visit the departments and have all of your questions answered!**

## THE HOUSE SYSTEM

- Every student at WHTC belongs to one of our Houses, creating a strong sense of identity, belonging, and school spirit.
- Houses compete in a wide range of academic, sporting, and cultural events across the year, encouraging teamwork and celebrating excellence.
- Each House has a **Head of House and student House Captains**, giving students the chance to develop leadership skills and take on responsibility.
- House assemblies and mentoring sessions support personal development, wellbeing, and our shared values as a school community.
- The House System builds community across year groups, encouraging collaboration, pride, and a culture of achievement.
